

FaDSS Council
Recommendations from the Outcomes Committee
3/23/17

1. Reconvene the Outcomes Committee's Assessment and Screening Workgroup in June of 2017. The workgroup will be tasked with reviewing the following items related to implementation of the assessment and screening process approved by the FaDSS Council on 11/9/15:
 - a. Conduct a review of all current tools in use by the FaDSS program and related evidence.
 - b. Review data from fiscal year 2017, including the number of successfully completed or obtained screens, the number of positive screens, and the number of referrals made to third party services.
 - c. Gather and consider anecdotal feedback from direct line staff and supervisors.
 - d. Develop recommendations for the council's consideration based on a review of currently used tools, relevant data, and anecdotal feedback.
2. Approve a second year of technical assistance on program standards related to assessment and screening for all FaDSS grantees.
